Ballot Item Number 63**Billet de député numéro 63****Private Members' Notice of Motion Number 60****Avis de motion numéro 60 émanant d'une députée**

Ms. Campbell – That, in the opinion of this House, the Government of Ontario should commit to equitable access to universal health care for Northern Ontarians, particularly those living in underserved communities, by expanding the Northern Health Travel Grant (NHTG) program to include:

- All OHIP-insured services not available within 100km of a patient's area of residence on referral of a health care or dental practitioner, thereby eliminating the current restriction to services performed by a specialist or in hospital;
- The broadening of eligible service locations to include out-of-province facilities, so that patients have the option to access Grant-covered services in locations closer to their place of residence, or for the purpose of accessing OHIP-insured services that are not offered or available in Ontario;
- Increasing the accommodation allowance for Grant-eligible patients to reflect the average cost of accommodation in the host community and adjusting the allowance on an annual basis to reflect market changes;
- Eliminating barriers related to program application, including modifications to the application process to allow for minor revisions and submission of missing information via electronic means such as facsimile or e-mail; and
- Improving processing times by instituting a maximum timeframe for the Ministry to complete its review of an NHTG application.

- 2) Pass pay transparency legislation that includes requirements for pay range disclosures by gender and reprisal protections for workers who disclose their salaries. Filed April 10, 2017.

55. M^{me} Gélinas — That, in the opinion of this House, the Ministry of Health and Long-Term Care should recognize – as Cancer Care Ontario acknowledged in 2014 – that a growing number of cancer patients in Ontario are facing significant out-of-pocket costs and financial barriers to treatment because take-home oral cancer drugs are not publicly funded and should begin funding take-home oral cancer drugs so that all cancer patients have access to the medication they need, regardless of their ability to pay. Filed April 13, 2017.

56. Mr. Fedeli — **REASONED AMENDMENT** — That the motion for Second Reading of Bill 127, An Act to implement Budget measures and to enact, amend and repeal various statutes be amended by deleting all the words after “That” and substituting therefore with the words “this Bill be NOT now be read a Second time but be referred back to the Government with instructions to incorporate therein:

- A plan to immediately begin paying down the debt rather than adding an additional \$10 billion in debt this year to the most indebted sub-national government in the world.” Filed May 2, 2017.

57. M^{me} Gélinas — That, in the opinion of this House, violence against nurses and all front-line health care workers in hospitals, long-term care homes and throughout Ontario's healthcare system is unacceptable and the Criminal Code should be amended to make assault of a health care worker a more serious offence. Filed May 8, 2017.

59. Mr. Fedeli — **REASONED AMENDMENT** — That the motion for Second Reading of Bill 134, An Act to implement 2017 Budget measures, be amended by deleting all the words after "That" and substituting therefore with the words "this Bill be NOT now be read a Second time but that the Minister of Finance first provide the Assembly with a detailed justification for it to authorize tax increases through regulation. Filed May 29, 2017.

60. Ms. Campbell — That, in the opinion of this House, the Government of Ontario should commit to equitable access to universal health care for Northern Ontarians, particularly those living in underserved communities, by expanding the Northern Health Travel Grant (NHTG) program to include:

- All OHIP-insured services not available within 100km of a patient's area of residence on referral of a health care or dental practitioner, thereby eliminating the current restriction to services performed by a specialist or in hospital;
- The broadening of eligible service locations to include out-of-province facilities, so that patients have the option to access Grant-covered services in locations closer to their place of residence, or for the purpose of accessing OHIP-insured services that are not offered or available in Ontario;

- Increasing the accommodation allowance for Grant-eligible patients to reflect the average cost of accommodation in the host community and adjusting the allowance on an annual basis to reflect market changes;
- Eliminating barriers related to program application, including modifications to the application process to allow for minor revisions and submission of missing information via electronic means such as facsimile or e-mail; and
- Improving processing times by instituting a maximum timeframe for the Ministry to complete its review of an NHTG application. Filed May 29, 2017.

61. Mr. Walker — That, in the opinion of this House, the Government of Ontario, recognizing that the current access symbol is nearly half-a-century old, depicting a symbol of a stationary person, should adopt the new symbol featuring a dynamic individual, leaning forward with a sense of movement, and known universally as the "Modified International Symbol of Access," which highlights independence and engagement, and emphasizes the visual focus from the wheelchair to the individual, and, furthermore, that the new symbol be used when a new accessible parking space is being created or when an old sign needs to be replaced, thereby coming at no additional cost to Ontario taxpayers or businesses. Filed May 30, 2017.
